Radio beginners

BRIEF LIST OF BOOKS ON THE QUESTIONS OF RADIO AMATEUR WORK

GENERAL ISSUES

A. I. Berg and M. I. Radovsky, Inventor of the radio A. S. Popov. Gosenergoizdat, 1950, 187 pp.

G. A. Kazakov, Our country is the birthplace of radio. DOSAAF Edition, 1952, 112 pages

F, Honest, Radio today. Military Publishing House, 1950, 207 pp.

G. M. Davydov, Says Moscow. State Publishing House of Literature on Communications and Radio, 1949, 123 pp.

S. Litvinov, Rural Radio Circle. Goskultprosvetizdat, 1950, 54 pp.

In G. Borisov, Radio Circle and his work. Gosenergoizdat, 1951, 72 pp.

Yu. V. Kostykov, Communication Technology. Military Publishing House, 1953, 335 pp.

S. D. Klementyev, Control of machines and mechanisms at a distance. Military Publishing House, 1954, 160 pp.

QUESTIONS RADIO

B. N. Dogadin and P. R.M. . Malinin, Book of a rural radiofikator. Gosenergoizdat, 1951, 288 pp.

V.K. Labutin, Radio node and subscriber point. Gosenergoizdat, 1951, 40 pp.

B. A. Lewandowsky, Power supply for Rodina receivers from the mains Gosenergoizdat, 1950, 32 pp.

A. V. Komarov, Mass network radio receivers. Gosenergoizdat, 1950, 80 pp.

A. V. Komarov, Mass Battery Receivers. Gosenergoizdat, 1951, 80 pp.

B. G. Borisov, Detgiz School Radio Center, 1951, 68 pp.

C. M. Alekseev, Radio at school. Uchpedgiz, 1953, 150 pp.

A. G. Dolnik, Loudspeakers. Gosenergoizdat, 1953, 50 pp.

TEXTBOOKS AND TUTORIALS

A. D. Batrakov, Elementary electrical engineering for ham radio. Gosenergoizdat, 1950, 176 pp.

I.P. Zherebtsov, Elementary Electrical Engineering. Svyazizdat, 1950, 88 pp.

I.P. Zherebtsov, Radio engineering (a manual for radio amateurs). State Publishing House of Literature on Communications and Radio, 1949, 503 pp.

S. Keen, ABC of Radio Engineering. Gosenergoizdat, 1949, 254 pp. 3. B. Ginzburg, F. I. Tarasov, Book of a beginner radio amateur. Gosenergoizdat, 1949, 112 pp.

A. N. Vetchinkin, The simplest network radios. Gosenergoizdat, 1950, 56 pp.

B. G. Borisov, Young radio amateur. Gosenergoizdat, 1951, 352 pp.

A. X. Jacobson, Radio Lamp. Svyazizdat, 1951, 48 pp.

I.P. Zherebtsov, Introduction to decimeter and centimeter wave radio engineering. Gosenergoizdat, 1953, 190 pp.

E. A. Levitin, Electron tubes. Gosenergoizdat, 1954, 100 pp.,

REFERENCES

G. G. Ginkin, Handbook of Radio Engineering. Gosenergoizdat, 1948, 816 pp.

G.P. Shkurin, Handbook of Electrical and Radio Measuring Instruments. Military Horizon, 1950, 511 pp.

B. B. Gurfinkel, Reception and amplification electron tubes. Gosenergoizdat, 1949, 175 pp.

"Elements and details of amateur radios." The reference book edited by V.V. Enutin. Gosenergoizdat, 1950, 184 pp.

“Radio amateur reference book”, edited by V. I. Shamshur. Gosenergoizdat, 1951, 320 pp.

B. Abramov, Lamps for broadcasting and television receivers. Gosenergoizdat, 1955, 80 pp.

RADIO EQUIPMENT CONSTRUCTION

E. A. Levitin, Establishing receivers. Gosenergoizdat, 1949, 64 pp.

3. B. Ginzburg, How to find and repair damage in receivers. Gosenergoizdat, 1949, 72 pp.

B. V. Enyutin, Sixteen amateur radio schemes. Gosenergoizdat, 1952, 120 pp.

R. M. Malinin, Low Frequency Amplifiers. Gosenergoizdat, 1949, “64 pages

D. D. Sachkov, Design of radio equipment. Gosenergoizdat, 1951, 272 pp.

E. A. Levitin, Operating modes of lamps in receivers. Gosenergoizdat, 1950, 48 pp.

B. M, Smetanin, Radio Designer. Gosenergoizdat, 1949, 24 pp.

C. D. Klementyev, Photorelay and its application. Gosenergoizdat, 1950, 96 pp.

S. M. Gerasimov, Calculation of amateur radio receivers. Gosenergoizdat, 1952, 150 pp.

M. M. Efrussi, Hearing Aids. Gosenergoizdat, 1953, 50 pp.

E. A. Levitin, Superheterodyne. Gosenergoizdat, 1954, 110 pp.

K.A. Shulgin. Designing amateur shortwave receivers. Gosenergoizdat, 1953, 150 pp.

RADIO MEASURING EQUIPMENT

G. A. Snitserev, The simplest measurements. Gosenergoizdat, 1950, 80 pp. K. D. Osipov, Tube voltmeter. Gosenergoizdat, 1950, 56 pages V. A. Orlov. Radio amateur measuring laboratory. Gosenergoizdat, 1951, 80 pp.

E.A. Levitin. Setting up and testing receivers. Gosenergoizdat, 1951, 86 pp.

POWER SUPPLIES

I. I. Spizhevsky, Galvanic batteries and accumulators. Gosenergoizdat, 1949, 72 pp.

V.P. Sennitsky, Home-made galvanic cells. Gosenergoizdat, 1950, 64 pp.

B. V. Shipov and G. M. Davydov, Current sources for battery radio receivers. Svyazizdat, 1951, 32 pp.

R. M. Malinin, Power receivers from the mains. Gosenergoizdat, 1950, 104 pp.

C. N. Creese, Calculation of low-power power transformers and filter chokes. Gosenergoizdat, 1950: 40 pp.

K.V. Mazel, Rectifiers and voltage stabilizers. Gosenergoizdat, 1951, 120 pp.

THE TELEVISION

A. Ya. Klopov, The Way to Television. Gosenergoizdat, 1949, 80 pp.

A. Ya. Klopov, One Hundred Answers to Questions from Television Fans. Gosenergoizdat, 1949, 80 pp.

B. P. Yurchenko, The first book on television. Gosenergoizdat, 1951, 64 pp.

C. A. Elyashkevich, TV troubleshooting. Gosenergoizdat, 1954, 150 pp.

A. D. Batrakov and A. Ya. Klopov, The Story of the TVAISOR. Gosenergoizdat, 1951, 56 pp.

B. Ya. Sutyagin, Amateur TV. Gosenergoizdat, 1951, 72 pp.

RECORDING EQUIPMENT

V. G. Korolkov, Magnetic sound recording. Gosenergoizdat, 1949, 88 pp.

V. G. Korolkov, What is sound recording. DOSARM Publishing House, 1950, 51 pp.

V. G. Korolkov, Mechanical sound recording system. - Gosenergoizdat, 1951, 80 pp.

A.K. Bektabekov and M.S. Zhuk, Recorder for recording to disk. Gosenergoizdat, 1951, 32 pp.

A.I. Parfentiev, Sound Recording. Military Publishing, 1954, 105 pp.

B.M. Sour cream. Young radio designer
